Food Safety and Quality Programmes

In order to manage the various procedures, processes, resources and activities required to strictly control, maintain, monitor and enforce the safety and quality of products manufactured by Fonterra Australia Pty Ltd, comprehensive quality management systems (QMS) have been implemented at all manufacturing facilities operated by Fonterra Australia Pty Ltd. Products manufactured on behalf of Fonterra at third party manufacturing facilities, such third party manufacturers are required to implement QMS to ensure strict quality control procedures are controlled, maintained, monitored and enforced during manufacture.

These QMS ensure food safety, regulatory and quality requirements are maintained, monitored and enforced through the implementation and management of Codex based HACCP food safety plans (and the compliance of operations to these HACCP plans) to prevent the microbiological, chemical and physical contamination of products.

Fonterra Co-operative Group Limited (Fonterra) and its subsidiaries, affiliates, agents, suppliers and distributors make no representations or warranties of any kind as to the accuracy, adequacy, or completeness of any information and/or opinions contained in this document or that they are suitable for your intended use. The information and/or opinions contained in this document may be changed at any time without notice. Nothing contained in this document should be construed as permission to infringe any intellectual property right or as a warranty of non-infringement of any intellectual property right.
